

## ABOUT HOLY QUR'AN

Clearly there is no doubt about merits and benefits of *Qur'an* in our lives. Here are some beautiful *A'hadiths* to remind us of its majestic presence amongst us;

"I leave among two facts, would you hold to them firmly, you will never be mislead, **the book of Allah**, the Most Holy, the Most High, and **my family**. O people, listen. I have certainly preached the message to you. You will arrive at the pool of al-kawthar, and will ask you about your dealings towards the two graviticious matters. The two graviticious matters are the **book of Allah**, the Most Holy, the Most High, and **my family**.

*Prophet s.a.w.*

"The superiority of the **Qur'an** over the rest of words is like the superiority of Allah over His creations."

*Prophet s.a.w.*

"These hearts rust just as iron rusts; and indeed they are polished through the recitation of the **Qur'an**."

*Prophet s.a.w.*

"O' 'Ali! I advice you to recite the **Qur'an** in every state (which you may find yourself in)."

*Prophet s.a.w. to Imam Ali a.s.*

"The verses of the **Qur'an** are treasures, and every time a treasure is opened up, it is desirable that you look at what is inside it."

*Imam Ali ibn al-Hussain a.s.*

**An Example:** Why *Tajwid* is important?

## "Allahu Akbar"

*Takbiratul ihram* is one of the *wajib Ruk'n* of *Sal'at*, which if pronounced incorrectly may lead to invalidity of prayers. Hence, at adulthood we are expected to know some basic *wajibat* of *Tajwid* to ensure correct pronunciation and recitation of Arabic.

In above example, at least five *tajwid* rules are applicable for correct pronunciation. If you are interested to learn more please see our program details at the back cover.
